Ken-Ting, Taiwan

2015 APEC Conference and Short-term Training Course on Promoting Innovative and High Value-added Bio-product Production Technologies for Sustainable Development

&

2015 Asia Biohydrogen and Biorefinery Symposium

&

2015 海峽兩岸能源化工新體系技術工程論壇

Background

The 2015 APEC Conference on Promoting Innovative and High Value-added Bio-product Production Technologies for Sustainable Development and 10th Asia Biohydrogen and Biorefinery Symposium (APEC-BPT/ABBS-2015) will be held during September 21-24, 2015 in Ken-ting, Pingtung, Taiwan with a theme of "Sustainable Development and Advanced BioHydrogen Technologies".

The Asia BioHyLinks (ABHL) was established in 2006 to enhance the multilateral understanding of the biohydrogen research among the Asian countries. ABHL has organized nine annually symposium around the Asia countries: Taichung (Taiwan), Daejeon (Korea), Harbin (China), Khon Kaen (Thailand), Bogor (Indonesia), Chongqing (China), Osaka (Japan), Melaka (Malaysia). Coming 2015 (10th) symposium will be held at Kenting, Taiwan organized by Feng Chia University with conjunction of APEC Conference and Short-term Training Course on Bio-product Production Technologies.

These Symposia are a specially designed cluster conference, which covers a wide range of critically important themes from Sustainable Development and Advanced BioHydrogen Technologies. It aims to become one of the region's largest events of 2015 in the field of Sustainable Development and Advanced BioHydrogen Technologies. These Symposia provide a great opportunity to share in what has happened, be part of what is happening and influence the future direction in one of the fastest growing industry sectors and make new friends.

The best papers presented in APEC-BPT/ABBS-2015 will be considered for publication in international prestigious journals.

Conference Chairs

Prof. Chiu-Yue Lin Feng Chia University, Taiwan
Prof. Jun Miyake Osaka University, Japan
Dr. Mi-Sun Kim Korea Institute of Energy research, Korea
Prof. Shu-Yii Wu Feng Chia University, Taiwan

Important Dates

Abstracts due	Extension to July 30, 2015
Early bird Registration deadline	Aug 15, 2015
Conference date and fee payment on-site	Sep 21-24, 2015

Organizers and Co-organizers

Call for Papers

Topics of interest include, but are not limited to:

- Bio-economy
- Bioelectricity
- Bioenergy/Biofuels
- Biohydrogen applications
- Biomass to hydrogen
- Biomaterials
- Biorefinery
- Bioproducts
- Pharmaceuticals
- Nutraceuticals
- Microalgal biofuels
- Waste-to-energy
- Energy policy and management
- Energy storage
- Gas purification
- Green vehicles
- Hydrogen and fuel cell
- Clean coal
- Intelligent green buildings
- Water management

Contact

Dr. Chen-Yeon Chu / cychu@fcu.edu.tw
Green Energy Development Center, Feng Chia University
No. 100, Wenhwa Rd., Seatwen, Taiwan 40724
Tel: +886-4-24517250 ext.6230(Dr. Chen-Yeon Chu)
Fax: +886-4-35072114
E-mail:greenenergy@fcu.edu.tw

Conference Venue

APEC-BPT/ABBS-2015 will be held in Howard Beach Resort Kenting (墾丁福華渡假飯店) (<http://kenting.howard-hotels.com.tw>) which is located in Pingtung Ken-Ting, the southernmost tip of Taiwan and you can get there by bus in 2-3 hours from Taiwan Kaohsiung International Airport or Taiwan High Speed Rail (THSR) Kaohsiung Zuoying Station.

Registration

Online registration system will be open soon. participants are strongly recommended to register early to get early-bird discount.

	Early Bird Fees		Regular Fees	
	Local	International	Local	International
Participant	NTD 13,500	USD 450	NTD 15,000	USD 500
Student	NTD 7,500	USD 250	NTD 9,000	USD 300
Dateline	August 15, 2015		September 21, 2015	
Accompanying person	NTD 3,000 / USD 100 (student is not included)
